

**SECTION 1: Identification of the substance/mixture and of the company/undertaking**

- 1.1. Product identifier: Evercrete Vetrofluid®
- 1.2. Relevant identified uses of the substance or mixture and uses advised against  
Recommended use: Deep penetrating seal for concrete. Curing agent, hardener and waterproofing
- 1.3. Detail of the supplier of the safety data sheet:

ECOBETON ITALY S.R.L.  
Via G. Galilei, 47 36030 Costabissara (VI)  
TEL. +39 0444 971893  
E-mail: info@ecobeton.it

- 1.4. Emergency telephone number: +39 0444 971893

**SECTION 2: Hazards identification**

- 2.1. Classification of the substance or mixture  
Directive criteria, 67/548/CE 99/45/EC and following amendments thereof:  
Properties/Symbols:  
None  
EC regulation criteria 1272/2008 (CLP)  
None  
Adverse physicochemical, human health and environmental effects:  
Alkali mixture, may cause skin and eyes irritation.
- 2.2. Label elements  
Symbol:  
None.  
Hazard Statements:  
None. The preparation should not be considered as dangerous according to dir. 1999/45/EC and following amendments thereof  
Precautionary Statements:  
P262 – Do not get in eyes, on skin, or on clothing.  
P280 – Wear protective gloves/protective clothing/eye protection/face protection  
P305 – In case of eye contact: wash immediately with water and consult a physician  
  
Special provisions according to annex XVII of REACH and subsequent amendments:  
None
- 2.3. Other Hazards  
vPvB Substances: None– PBT Substances: None  
Other Hazards:  
no other hazards.

**SECTION 3: Composition/information on ingredients**

- 3.1. Substances:  
N.A.
- 3.2. Mixtures:  
  - Waterglass (25%-50%)  
CAS: 1344-09-8
  - Proprietary catalyst (no hazardous ingredients) < 1%  
Hazardous components within the meaning of EEC directive 67/548 and CLP regulation and corresponding classification:  
None

**SECTION 4: First aid measures**

- 4.1. Description of first aid measures  
In case of skin contact:  
wash immediately with water. Remove contaminated clothing immediately and dispose off safely.  
In case of eyes contact:  
After contact with eyes, rinse with water with the eyelids open for a sufficient length of time, then get medical attention.  
In case of ingestion:  
non-toxic, wash the mouth thoroughly and drink plenty of water to dilute. Do not induce vomiting. Obtain medical examination immediately.  
In case of inhalation:  
remove casualty to fresh air and keep warm and at rest.
- 4.2. Most important symptoms and effects, both acute and delayed:  
No specific hazards are encountered under normal product use.
- 4.3. Indication of any immediate medical attention and special treatment needed  
Treatment: see paragraph 4.1

**SECTION 5: Firefighting measures**

- 5.1. Extinguishing media  
Suitable extinguishing media:  
None in particular  
Extinguishing media which must not be used for safety reasons:  
None in particular

# Safety Data Sheet

Evercrete Vetrofluid®

Last revision: 07 January 2015

- 5.2. Special hazards arising from the substance or mixture  
The product is not combustible
- 5.3. Advice for firefighters  
In case of nearby fire use either powder, water spray, foam or carbon dioxide.

## SECTION 6: Accidental release measures

- 6.1. Personal precautions, protective equipment and emergency procedures  
Wear personal protection equipment.
- 6.2. Environmental precautions  
Do not allow to enter into soil/subsoil. Do not allow to enter into surface water or drains.
- 6.3. Methods and material for containment and cleaning up  
With small spill or leaks use absorbent material such as sawdust, vermiculite or sand. Larger spills dilute with larger amount of water before flushing to a sewer or drain according to regular regulation. Ventilate the room.
- 6.4. Reference to other sections  
See also section 8 and 13

## SECTION 7: Handling and storage

- 7.1. Precautions for safe  
Avoid contact with skin and eyes. To apply use only low pressure pumps to avoid aerosol.
- 7.2. Conditions for safe storage, including any incompatibilities  
Avoid contacts with acids, aluminium, stain, zinc
- 7.3. Specific end use(s)  
None in particular

## SECTION 8: Exposure controls/personal protection

- 8.1. Control parameters  
No occupational exposure limit available (TLV)  
DNEL Exposure Limit Values: N.A.  
PNEC Exposure Limit Values: N.A.
- 8.2. Exposure controls  
Eye protection:  
safety goggles are recommended  
Skin protection:  
use clothing that provides comprehensive protection to the skin  
Protection for hands:  
Use protective rubber gloves.  
Respiratory protection:  
do not allow aerosol. In case of insufficient ventilation use mask.
- Personal Protective Equipment should comply with relevant CE standards (as EN 374 for gloves and EN 166 for goggles), correctly maintained and stored. Consult the supplier to check the suitability of equipment against specific chemicals and for user information.
- Other protection:  
avoid contact with glass surface (glasses, watches, etc)  
Environmental exposure controls:  
none.

## SECTION 9: Physical and chemical properties

- 9.1. Information on basic physical and Appearance:
- |                  |            |
|------------------|------------|
| Appearance:      | liquid     |
| Colour:          | colourless |
| Odour:           | odourless  |
| Odour threshold: | N.A.       |
| pH:              | ~ 12,5     |
- 9.2. Important informations about health, safety and environment
- |   |                        |
|---|------------------------|
| Melting point / freezing point:               | N.A.                   |
| Initial boiling point and boiling range:      | ~ 100 °C               |
| Solid/gas flammability:                       | N.A.                   |
| Upper/lower flammability or explosive limits: | N.A.                   |
| Vapour density:                               | N.A.                   |
| Flash point:                                  | N.A.                   |
| Evaporation rate:                             | N.A.                   |
| Vapour pressure:                              | same as water          |
| Relative density:                             | ~ 1,13 gr/ml (at 20°C) |
| Vapour density (air=1):                       | N.A.                   |
| Solubility in water:                          | soluble                |
| Viscosity:                                    | N.A.                   |
| Auto-ignition temperature:                    | N.A.                   |
| Explosion limits(by volume):                  | N.A.                   |
| Decomposition temperature:                    | N.A.                   |
| Partition coefficient (n-octanol/water):      | N.A.                   |
| Explosive properties:                         | N.A.                   |
| Oxidizing properties:                         | N.A.                   |
- 9.3. Other information
- |                                       |      |
|---------------------------------------|------|
| Miscibility:                          | N.A. |
| Fat Solubility:                       | N.A. |
| Conductivity:                         | N.A. |
| Substance Groups relevant properties: | N.A. |

# Safety Data Sheet

Evercrete Vetrofluid®

Last revision: 07 January 2015

## SECTION 10: Stability and reactivity

- 10.1. Reactivity:  
Stable under normal conditions.
- 10.2. Chemical stability:  
Stable under normal conditions.
- 10.3. Possibility of hazardous reactions:  
none.
- 10.4. Conditions to avoid:  
avoid contact with aluminium, stain, zinc and acid
- 10.5. Incompatible materials:  
avoid contact with aluminium, stain, zinc and acid
- 10.6. Hazardous decomposition products:  
none.

## SECTION 11: Toxicological information

- 11.1. Information on toxicological effects
  - Route(s) of entry:
    - Ingestion: yes
    - Inhalation: no
    - Contact: yes
  - Toxicological information related to the product:  
There is no toxicological data available on the mixture. Consider the individual concentration of each component to assess toxicological effects resulting from exposure to the mixture.
  - Toxicological information on main components of the mixture
    - Toxicological information of the mixture: N.A.
    - Toxicological information of the main substances found in the mixture: N.A.
    - Corrosive/Irritating Properties:
      - Skin: contact may cause redness
      - Eyes: contact may cause redness and irritation
      - Ingestion: may cause gastro-intestinal problems
      - Inhalation: may cause irritation
    - Sensitizing properties:
      - no effects are known.
    - Carcinogenic effects:
      - no effects are known.
    - Mutagenic effects:
      - no effects are known.
    - Teratogenic effects:
      - no effects are known.
- If not differently specified, the information required in Regulation 453/2010/EC must be considered as N.A.

## SECTION 12: Ecological information

- 12.1. Toxicity  
The product increase the pH level on water and soil, and thereby may be dangerous aquatic beings.
- 12.2. Persistence and degradability  
N.A.
- 12.3. Bioaccumulative potential  
N.A.
- 12.4. Mobility in soil  
N.A.
- 12.5. Results of PBT and vPvB assessment  
vPvB Substances: None – PBT Substances: None
- 12.6. Other adverse effects  
Not available data on the mixture

## SECTION 13: Disposal considerations

- 13.1. Waste treatment methods  
Verify waste procedures with local authorities

## SECTION 14: Transport information

- 14.1. UN number: N.A.
- 14.2. UN proper shipping name: N.A.
- 14.3. Transport hazard class(es)
  - RID/ADR: no dangerous good
  - ADR-Upper number: N.A.
  - Air (ICAO/IATA): no dangerous good
  - Sea (IMO/IMDG): no dangerous good
- 14.4. Packing group N.A.
- 14.5. Environmental hazards N.A.
- 14.6. Special precautions for user N.A.
- 14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code  
no

## SECTION 15: Regulatory Information

- 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

# Safety Data Sheet

Evercrete Vetrofluid®

Last revision: 07 January 2015

Dir. 67/548/EEC (Classification, packaging and labelling of dangerous substances)  
Dir. 99/45/EC (Classification, packaging and labelling of dangerous preparations)  
REACH Regulation n°1907/2006 (REACH)  
CLP Regulation n°1272/2008 (CLP)  
Regulation (EC) n. 790/2009 (ATP 1 CLP) e UE n. 758/2013  
Regulation (EU) n. 453/2010 (Annex I)  
Regulation UE n. 286/2011 (ATP 2 CLP)  
Directive n°1999/45/CE (Dangerous Preparation)  
Directive n°67/548/CEE (Substances)  
Directive 2000/39/CE and s.m.i. (Professional threshold limit)

Restrictions related to the product or the substances contained according to Annex XVII Regulation (EC) 1907/2006 (REACH) and subsequent modifications:

None

15.2. Chemical safety assessment

No

## SECTION 16: Other information

This safety data sheet has been completely updated in compliance to Regulation 453/2010/EU.

Warning for user:

The information contained herein is based on our state of knowledge at the above-specified date. It refers solely to the product indicated and constitutes no guarantee of particular quality. This MSDS cancels and replaces any preceding release.
